REPORT OF THE COLLEGE COMMITTEE.

STUDENTS AND FEES.

SESSION 1917-1918.

The number of Students, other than Evening and Vacation Students, who registered during the Session 1917–18 was 802 (including 18 Refugee Students and 21 Officers and men who attended the Courses for members of H.M. Military Forces), being an increase of 8 as compared with the preceding Session. The number of Evening Students was 202, being an increase of 36 as compared with the previous Session; 67 Students attended the Vacation Courses, as compared with 159 in the previous Session, the reason being that fewer Vacation Courses were held. Adding these together, the total is 1071 (including 18 Refugee Students), being a decrease of 169 on the previous year. In the course of the Session, 13 men Students withdrew to join the naval or military forces; 15 Students (2 men; 13 women) withdrew to undertake some other recognised form of national service connected with the War. The Students were distributed as follows:—

(The numbers in brackets indicate the Refugee Students included in the totals.)

	Men.	Women.	Total.
I. Faculty of Arts	87 (1)	169 (9)	256 (10)
Department of Fine Arts	16 (1)	103	119 (1)

VII. Evening:			
Arts	40	162	202
VIII. Vacation	8	59	67
Total	439 (9)	632 (9)	1071 (18)

There were 326 registered Internal Students of the University, compared with 345 in the previous year.

The geographical districts from which the Students came are given in Appendix I. (see p. 46).

The total fees available for the service of the Session 1917–18 amounted to £13,581 12*s.* 1*d.*, a decrease of £446 7*s.* 8*d.* on the previous Session.

THE CURRENT SESSION (1918–1919).

The number of Students who have completed their registration and paid fees up to January 31st, 1919, is 1213, as compared with 758 (of whom 12 were Refugee Students) at the corresponding date in 1918.

The figure 1213 includes 4 Refugee Students who have completed their registration and paid only nominal fees; deducting these the total is 1209, which is an increase of 463 as compared with 1918, but a decrease, as compared with the corresponding date in 1914, of 135.

The fees received (including fees of London County Council and Board of Education Students) to January 31st, 1919, amounted to £16,392 15*s.* 11*d.*, showing an increase of £5,700 8*s.* 9*d.* as compared with the corresponding date in 1918 and a decrease of £5,212 18*s.* 9*d.* as compared with the corresponding date in 1914.

GENERAL FINANCES.

Financial Year 1917–18.

The Accounts for the year (1917–18) are appended to this Report (see Appendix V., pp. 53–65).

College Establishment Income and Expenditure Account.

Income.—The ordinary income was £55,785 9*s.* 11*d.* as compared with £55,385 6*s.* 7*d.* in 1916–17, an increase of £400 3*s.* 4*d.*

Expenditure.—The ordinary expenditure was £62,482 10*s.* 7*d.* as compared with £60,779 3*s.* 5*d.* in 1916–17, an increase of £1,703 7*s.* 2*d.* The excess of ordinary expenditure over ordinary income for 1917–18 was, therefore, £6,697 0*s.* 8*d.*

The Treasury made a special grant of £1,700 in respect of loss of income occasioned by the War to the end of 1916–17. Out of this special grant the sum of £446 13*s.* 8*d.* has been utilised to meet the net accumulated deficiency as shown by the Income and Expenditure Account for 1916–17, and £1,253 6*s.* 4*d.* has been carried to a Reserve Account to form the nucleus of a Fund to meet expenditure deferred owing to the War.

The *Grants* from the Treasury, the Board of Education, the London County Council, the Surrey County Council, and other

bodies, are set out in the Accounts. The list of them (see Appendix II., p. 47) shows how greatly the cost of the educational work done by the College exceeds the amount of fees paid by students.

Subscriptions and Donations (see Appendix II., pp. 47, 48) amounted to £1,357 11*s.* 10*d.*, of which £23 3*s.* 0*d.* was for general purposes.

The General Balance Sheet.

This gives the position at the end of the year 1917–18, apart from the fact that during the War a large amount of expenditure has been deferred. It is estimated that the deferred expenditure to the end of the Session 1917–18 amounts to £11,300, the items making up this total being:—(i.) Repairs and General Maintenance of Buildings, £3,000; (ii.) Re-wiring North Wing, £1,300; (iii.) Re-heating North Wing, £2,200; (iv.) Departmental Apparatus, £2,300; (v.) Libraries, £2,500.

The Current Financial Year (War Estimates). 1918–19.

The Estimates for the current financial year have been approved by the Senate, and show an anticipated excess of expenditure over income amounting to £8,816, making with the excess expenditure over income brought forward from 1917–18 (£6,697) a total deficit of £15,813.

The return of students since the signing of the Armistice will increase the fee revenue, but the increase is not likely to be commensurate with the increased total of salaries that the return of members of the staff from the War will make necessary.

The financial position of the College has been carefully reviewed by the Committee, and a Memorandum on the urgent needs has been submitted, with the authority of the Senate, to the President of the Board of Education, in accordance with the request made by him to a Deputation of Representatives from the Universities and University Institutions of the United Kingdom on Saturday, 23rd November. The following five points affecting the College were raised at the Deputation:—(1) That the system of quinquennial grants for England is satisfactory; (2) that the present scale is inadequate, and should be multiplied by four; (3) that the present "statement" annual grants should be merged in the quinquennial grant system; (4) that grants for capital purposes should be asked for; (5) that the scales of fees for University education should be reconsidered, and provision made for the reduction of the higher fees.

The College Committee desire to record their appreciation of the help that the friends of the College have given in providing special donations to meet the existing abnormal difficulties. They again invite them to assist in this manner.

The two most urgent objects for which assistance is needed are the following :—

	£	s.	d.	£	s.	d.
(*a*) Chemical Laboratories :						
(i.) Balance required for ordinary equipment	4,000	0	0			
(ii.) Equipment of Physical and Electrical Chemistry Laboratory	10,000	0	0			
(iii.) Development of Research Work	6,000	0	0

THE COLLEGE COMMITTEE.

By the death in November, 1918, of Mr. C. Fellows Pearson, of which the Committee learned with deep regret, a vacancy has been created on the College Committee. (See also p. 18.)

Lord Monk Bretton intimated at the end of last session his inability to represent the London County Council on the Committee; Miss Gilliland was appointed to take his place but has been prevented by illness from attending meetings.

Lord Glenconner has been obliged to resign his seat on the Committee until his work in connection with the War becomes less arduous, and for the same reason the Committee has been deprived of the services of Professor Sir John R. Bradford.

Sir Edward Busk has expressed his intention of retiring from the Committee at the expiration of the current Committee year, on the ground of increasing years and the claims of other work. He has rendered great services to the College for many years, both as Vice-Chairman and as a member of the Committee, and has freely laid his time and counsel at the disposal of the Committee.

During the year under review, the following new members have served on the Committee:—Mr. A. Digby Besant, B.A.; Dr. Harriette Chick and Sir Ernest Moir, Bt. (both Fellows of the College), the Vice-Chancellor (Sir Edwin Cooper Perry), and the Lady St. Helier. Professor Petrie was appointed one of the representatives of the Professorial Board on the Committee, in place of Professor Pollard retired.

Mr. H. Keene was re-elected Acting Treasurer for the year 1918–19 during the continued absence of Mr. F. V. Schuster on military service.

REPRESENTATIVES.

The Rt. Hon. Lord Reay has resigned his seat on the Senate, and Mr. Andrew T. Taylor has been co-opted in his stead.

The Senate have appointed Professor J. Norman Collie a Representative of the University in respect of University College on the Council of the British Photographic Research Association.

They have re-appointed the following Representatives in respect of University College:—

Dr. C. F. Hardie on the Governing Body of Queen Elizabeth's Grammar School, Barnet.

Professor John T. Macgregor-Morris on the Governing Body of King Edward VI. School, Chelmsford.

The Provost (Sir Gregory Foster) and Mr. Andrew T. Taylor on the Architectural Education Committee.

Dr. Walter Seton on the Central Council of the Federated Superannuation System.

The Provost (Sir Gregory Foster), the Sub-Dean of the Faculty of Arts (Mr. L. Solomon), and Professor W. M. Bayliss (in respect

of the Faculty of Medical Sciences) represent the College Committee on the London Intercollegiate Scholarships Board.

The Provost (Sir Gregory Foster), Dr. F. W. Goodbody, and Mr. Raymond Johnson represent the College Committee on the Committee of Management of University College Hall.

The Provost (Sir Gregory Foster) has been nominated as the representative of the College Committee on the Council of College Hall, London.

PERSONS CONNECTED WITH THE COLLEGE DECEASED

(other than those who have fallen in the War).

The College Committee record with regret the death of the following persons connected with the College :—

The Rt. Hon. Earl Brassey of Bulkeley; Miss Mary Gurney; and Mr. T. Starkey Smith (Former Life-Governors). Mr. W. E. Mullins (Former Life-Governor; Member of the College Committee 1906–7 to 1912–13). Mr. C. Fellows Pearson (Member of the College Committee since 1913). The Right Hon. Sir Edward Fry, F.R.S. (Fellow). Professor F. T. Roberts, M.D., F.R.C.P. (Fellow; Chair of Materia Medica, Pharmacology, and Therapeutics, 1878–1895, of Medicine and Clinical Medicine, 1895–1900, of Clinical Medicine, 1900–1905; Emeritus Professor). Mr. Alexander Waugh Young (Fellow). Mr. F. J. Bridgman, A.R.C.S. (Assistant in the Department of Zoology). Mr. J. H. Dibb, M.A., B.Sc. (Assistant in the Department of Pure Mathematics for fourteen years). Mr. T. A. Ellis, B.Sc. (Assistant in the Departments of Pure and Applied Mathematics). Mr. H. J. Selwood (Clerk to the Publications Secretary).

THE COLLEGE ROLL OF HONOUR.

The College Committee desire to express their respectful sympathy with the families of those members of the College who have fallen in the War. The list up to the present date includes 253 names. A full record will be found in the Third Issue of Pro Patria and in the Third Supplement which has recently been issued. A final issue will be published as soon as possible. The total number of past and present members of the College who have undertaken War Service now stands at 2650.

A Memorial Service for all those connected with the University who have fallen in the War was held at the Temple Church on November 1st. The King and Queen were represented by the Lord Chamberlain; the Vice-Chancellor, many members of the University and relatives and friends of the men who had fallen also attended.

The Service was conducted by the Rev. the Master of the Temple, the Rev. Prebendary Caldecott, and the Rev. J. A. Douglas, and the Sermon was preached by the Rev. Nikolai Velimirovich, Chaplain to H.M. the King of Serbia.

WAR MEMORIAL COMMITTEE.

This Committee has held several meetings during the year. The Scheme for the Memorial will be issued and circulated shortly.

THE COLLEGE SITE AND BUILDINGS.

The plans for the enlargement of the College site and the further development of the buildings have necessarily been in abeyance during the War. For several years previous to 1914, the need of larger accommodation for most of the College departments, other than those for which new buildings have recently been provided, was felt. That need is likely to be all the greater as soon as peace conditions are restored.

The Universities Deputation referred to on p. 15 asked that grants for capital purposes should be made by the Treasury, and the request was favourably received.

The College Committee have considered the development of the College as an integral part of the University of London, and have received reports thereon from the Professorial Board. They are satisfied that it will be necessary to acquire the freehold of the land adjoining the College in order that the demands for accommodation that are likely to be made within the next few years may be met.

BENEFACTIONS AND DONATIONS.

The College Committee have to record the following Benefactions, of which they make grateful acknowledgment:—

The Worshipful Company of Drapers have renewed their grant to the University for the Biometric Laboratories at the College for the years 1918 and 1919 at the rate of £300 per annum.

The Chadwick Trustees have renewed for the Session 1918-19 their grant of £250 for the purposes of the Departments of Municipal Engineering and Hygiene "in furtherance of the Promotion of Sanitary Science."

Reference was made in the last Report to the transfer of the Crabb Robinson Fund to the University. For many years past this Fund, which was founded under the Will of Henry Crabb Robinson, has been administered by a special body of Trustees, who have made year by year grants in aid of the social and athletic life of the Students. Under the transfer, the grants from the Fund are now made by the College Committee on behalf of the Senate after considering the applications which the two Union Societies and the two Halls of Residence are invited to make twice a year (see p. 45).

Miss H. Gertrude Jones, a former member of the staff of the Department of Applied Statistics and Eugenics, has made a donation of £51 for the purposes of the Galton Laboratory.

The offer by Mrs. Dolley to provide a sum of £50 for the endowment of a Prize in History in memory of her husband, Professor R. F. C. Dolley, Fellow of the College, who is now reported by the War Office "missing, presumed killed," was recorded in the last Report. It has been gratefully accepted and regulations governing the award of the Dolley Memorial Prize have been approved.

Professor Pollard has made a donation of £50, in which is included the money presented to him as a testimonial in connection with his Public Lectures, with the request that it be utilised for the establishment of a Prize in Books for English History. This Prize has now been established as "The Pollard Prize."

Under the Will of the late Dr. F. Hodson, a bequest of £20 has been received for General College Funds. A valuable gift of books from Dr. Hodson's Library has been received from his widow (see p. 41), together with his Cap, Gown, and Hood, to be used for official purposes.

Mr. H. J. Harris has made a donation of £20 to be divided between General College Funds and the Provost's Fund for necessitous students, such sums forming part of the honorarium paid to him for his services as Acting-Head of the Department of Applied Mathematics and Mechanics during the session 1917–18.

Miss Mary Louisa Bruce has presented a bust (with pedestal) of her late brother, Alexander Bruce (in whose memory the 'Alexander Bruce Medal' was established), his diplomas, and twelve medals awarded to him. The conditions under which the gifts were made have been accepted by the College Committee, *i. e.*, that the Bust shall be placed in the General Library, the medals shall be exhibited from time to time in the General Library in a case to be provided by Miss Bruce, and the diplomas shall be placed in the College Archives.

Other gifts include the following:—From Miss Winifred Smith, a Plated Epergne formerly presented to her late father as a shooting trophy (for use in the Refectory); from Dr. Bridges, the Poet Laureate, through Sir John Rotton, a Collection of Lantern-Slides belonging to the late Slade Professor at Oxford, Prof. Wooldridge, and used by him to illustrate his lectures on the History of Painting; from Mrs. Mosley and Mr. F. J. Lucas, children of Mrs. Helen Lucas, a Bust of the late Sir Francis Goldsmid (for the Mocatta Library); from Mr. Percival Graves, a Portrait of his late Uncle, Professor J. T. Graves, and three Manuscript volumes containing lectures on Jurisprudence by the Professor, who bequeathed his library to the College; from Professor M. J. M. Hill, through Professor Percy Gardner, Plaster Casts of Greek Coins and Italian Medals for the Department of Archæology; from Mrs. Williamson, a Portrait of her father, the late Professor Key (Chair of Latin 1828–1842; Comparative Grammar 1842–1876); from Dr. James Sully (Emeritus Professor of Philosophy of Mind and Logic), a portrait of himself presented by a body of friends.

Gifts of books are recorded on p. 41 in the section of the Report relating to the Libraries.

THE ACADEMIC STAFF.

Appointments and Changes.

FACULTY OF ARTS.

Professor Havard Thomas has been re-appointed Professor of Sculpture for a further period of three years, from September 1st, 1918.

The title of Emeritus Professor of Fine Art has been conferred upon Professor Frederick Brown, who, as stated in the last report, resigned the Slade Chair at Christmas, 1917.

In connection with the institution of the teaching of Scandinavian Studies, Professor W. P. Ker has been appointed Director of the

new Department for the current session. Mr. J. H. Helweg has been appointed Lecturer in Danish, Mr. I. C. Gröndahl Lecturer in Norwegian, and Mr. Im. Björkhagen Lecturer in Swedish for the current session.

The London County Council have provided funds for the establishment of a Professorship of Italian in the University of London, tenable at University College. Dr. Antonio Cippico, who has held the Lectureship in Italian at the College since 1912, has been elected to the new Professorship.

Dr. Edmund Gardner has been appointed Reader in Italian for three years, from 1st September, 1918.

Dr. Beatrice Giglioli has been appointed Assistant in the Department of Italian for the current session.

Miss Coustenoble and Mlle. Grémaud have been appointed Assistants in the Department of Phonetics for the Second and Third Terms of the current session.

Mr. Leslie Wilkinson resigned his post as Assistant Professor in the School of Architecture in June, 1918, on being elected to the Chair of Architecture in the University of Sydney, N.S.W.

Dr. G. N. Watson resigned his post as Assistant Professor of Pure Mathematics in June, 1918, on being elected to the Mason Chair of Pure Mathematics in the University of Birmingham.

Miss Sarah Chapman has been appointed Honorary Student Demonstrator in the Department of Geography.

Miss Louise W. Stone, who has acted as temporary War Assistant in the Department of French during the War, has resigned that post on being appointed to the Lectureship in Romance Philology at Birkbeck College.

Faculty of Science.

Mr. J. Bronté Gatenby has been appointed Senior Assistant (*vice* Dr. O'Donoghue, resigned), in the Department of Zoology. Dr. E. A. Fraser has been appointed Assistant, and Mr. G. S. Sansom Honorary Research Assistant in that Department.

Dr. R. E. Slade has resigned his post as Assistant in the Department of Chemistry from 1st September, 1918, on being appointed Director of Research of the British Photographic Research Association.

Miss M. Noel Karn, Miss Eleanor Pairman, and Miss M. Seegar have been appointed Assistants in the Department of Applied Statistics and Eugenics, and Miss E. Augusta Jones Secretary of the Galton Laboratory.

Miss Amy A. B. Reilly has been appointed Student Demonstrator in the Department of Chemistry for the current session.

Faculty of Medical Sciences.

Professor A. R. Cushny, Dean of the Faculty, resigned his Chair of Pharmacology as from the end of last session on being appointed to the Professorship of Pharmacology in the University of Edinburgh. The vacancy in the Chair has not yet been filled.

Mr. H. A. Harris has been appointed Assistant Demonstrator in the Department of Anatomy.

Mr. D. Orson Wood has been appointed a member of the Faculty of Medical Sciences.

Temporary War Appointments.

The continuance of the War during the greater part of the period reviewed in this Report has made it necessary for arrangements to fill the places of members of the Academic Staff absent on War Service to be continued, and in some cases, extended. The number of special War appointments has been kept as small as possible, and, wherever practicable, the work of absent members of the staff has been undertaken by the remaining members of the staff, whose loyal co-operation has enabled many difficulties to be overcome.

The following Temporary War appointments to replace absent members of the Academic Staff have been made or renewed for such part of the current session as may be necessary:—

Anatomy, Mr. N. Prescott, Lecturer and Demonstrator; Chemistry, Mr. H. J. Evans; (Organic and Applied), Miss M. Stephenson; English, Miss Matthews and Miss Daunt; French, Miss B. Schlumberger and Miss E. C. Halket; Mathematics (Pure), Miss D. Wrinch and Capt. Bevan Baker; Mathematics (Applied), Miss D. Tuck; Botany, Dr. E. J. Salisbury; Engineering, Mr. H. Busbridge and Lieut. Chapple.

A considerable number of members of the Staff who have been absent on War Service have already been demobilised and have returned to their work at the College. Others will shortly be demobilised, and will probably be again at work before the end of the present term.

Mr. W. J. Whittaker, formerly Professor of English Law, has again this session undertaken to act as Deputy to Mr. G. H. J. Hurst, Reader in English Law, who is still absent on Military Service.

Mr. Carveth Read has again, during the First Term of the current session, undertaken Professor Spearman's work as Grote Professor of Philosophy of Mind and Logic, and has thus enabled the Committee to place Professor Spearman's services at the disposal of the Board of Scientific Invention and Research. Professor Spearman has now returned to the work of his Chair. The College Committee appreciate very highly the services thus rendered by Mr. Carveth Read during Professor Spearman's absence.

ADMINISTRATION.

At the beginning of the year under review, the Provost's medical advisers found that it would be necessary for him to undergo a further operation, and leave-of-absence was granted to him from February until the beginning of May. The arrangements for the conduct of his work during that period were the same as those recorded in the 1917 Report. Happily, this later operation proved entirely successful and has been the means of restoring the Provost's former health and vigour.

On the Provost's return, the Secretary, Dr. Walter Seton, was granted leave-of-absence to undertake War Service in the Ministry of Information. His work was divided among the members of the Administrative Staff, the major portion being effectively carried on by the Provost's Private Secretary, Miss Greig. Dr. Seton returned to his College duties at the beginning of the present year.

The office of Assistant Secretary has been re-instituted and

Miss Greig has been appointed thereto, Miss Burr succeeding her as Private Secretary to the Provost, and Miss Lacey being appointed Private Secretary to the Secretary.

Mrs. Dorothy C. Boalch has been appointed a Confidential Clerk.

Miss Elsie H. Hocking, B.A., has been appointed Senior Clerk *vice* Miss Woodhouse resigned. Mr. O. V. Lawley, a former Senior Clerk who left to enter the Army, has been re-appointed to a post in the General Office.

Miss Dora Calladine has been appointed Steward of the Refectory.

THE WORK OF THE FACULTIES.

The report presented by the Provost at the Assembly of Faculties last July deals with the chief events of the Session 1917–18. This report, together with the address delivered on that occasion by the Vice-Chancellor (Sir Edwin Cooper Perry, M.A., M.D., F.R.C.P.), who received the scholars, medallists, and prizemen, is printed in the Calendar for the current Session.

The Session 1917–18 closed under War conditions. The majority of the members of the Academic Staff who remained at the College were largely occupied with War work, so that their time and energy for research work were necessarily diminished. Research work has, however, been maintained as far as possible. A list of publications for the two years 1917–18 and 1918–19 will be printed in next year's Report.

Since the signing of the Armistice and the consequent demobilisation arrangements for teachers and students, the College has been faced with new problems, and its chief energies have been directed towards providing the special work necessary for students ready to start, or to take up afresh, their Courses without waiting for the opening of the new session. In all Faculties and Departments where it has been found necessary or desirable, special Courses have been inaugurated and are running concurrently with the normal Courses that began in October. The extra burden entailed by these special arrangements is being met, where necessary, by additional assistance. In all the arrangements that have been made care has been taken to avoid any unnecessary duplication with similar work at other Colleges.

In the course of the Session 1917–18 the various Public Lectures were attended by upwards of 5,500 persons, many applications for some of the lectures having been refused owing to the want of a larger hall for this purpose. The following is a list of the Public Lectures that have been arranged since the issue of the last Report:—

The following brief summary of matters supplementary to the statement contained in the Report presented at the Assembly of Faculties is given here to make the record of the year as complete as possible:—

FACULTY OF ARTS.

French.

Professor Brandin has returned from his War Service in France after an absence of over four years. The Committee desire to take this opportunity of expressing their cordial thanks to the temporary Assistants who have so effectively maintained the work of the Department of French during the Professor's absence, more especially to Dr. O. H. Prior of Rugby, who has given his time most generously to the College, often at personal inconvenience.

Italian.

Reference was made in the last Report to the scheme for the extension of the work of the Department of Italian and co-ordination of Italian studies in the Colleges and Schools of the University. A considerable development in this direction has taken place during the last twelve months (see p. 34). A comprehensive programme of classes has been arranged, and includes special work for evening students. As indicated in the list of Public Lectures given above, the scope of this important side of the work of the Department has been extended.

Dutch.

The Joint Committee appointed to take steps for the promotion of Dutch Studies in London, which includes representatives of University

and Bedford Colleges and of the Dutch, Belgian, and South African communities in this country, has, with the authority of the Senate, issued an appeal for funds, which has so far resulted in raising subscriptions and donations amounting to nearly £20,000; the balance still to be raised is not quite £6,000, so that it is confidently expected that definite developments may be formulated to take effect as from the beginning of next session.

Scandinavian Studies.

The work of the Department of Scandinavian Studies has been put on a definite basis for the current session (see p. 33). A complete programme of studies has been issued, and most of the classes offered have been formed. The Public Lectures organised in connection with the Department are indicated on p. 37.

Phonetics.

The demand for the Courses offered in the Department of Phonetics shows that the work of that Department meets an increasing need, and the problem of adequate Staff and accommodation is becoming very acute. Vacation Courses were formed in the Long and Christmas Vacations, 116 students registering for the former and 37 for the latter. The Reader, Mr. Daniel Jones, embraces every opportunity that arises for extending the scope of the Department, and the programme now offered is a very comprehensive one. Applications have been received for the formation of outside Courses by members of the Staff, and the Committee have granted permission for such special work to be undertaken. During the Christmas Vacation, Mr. Daniel Jones undertook a fortnight's lecturing tour to the troops in Belgium.

Slade School.

The Slade School is doing very active work despite difficulties in regard to staff and accommodation. Professor Brown is kindly continuing to assist the Slade Professor in conducting the work of the School. Notice has been received to terminate the tenancy of the temporary studios that have been provided for Sculpture over the Warren Street Tube Station. Plans have been prepared by Professor Simpson for the new Sculpture Studios, which will occupy the site of the old Chemical Laboratory. They will form part of the gift of the Anonymous Benefactor who erected the new buildings for the School of Architecture and the Department of Applied Statistics and Eugenics.

Pure Mathematics.

The work of the Department of Pure Mathematics has been carried on under exceptional difficulties during the current session. Owing to the continued absence of the Academic Registrar in India, the services of Professor Hill are still lent to the University pending his return, so that some portion of his work has to be delegated to others. By the death of Mr. J. H. Dibb, the Department has been deprived of one whose long and valuable services could at any time be ill spared, and whose loss is an especially heavy one at the present time. Death has also removed Mr. T. A. Ellis, whose return from War Service was confidently anticipated. The resignation of Dr. G. N. Watson on his appointment to the Mason Chair of Mathematics in the University of Birmingham at the close of last session leaves a further gap in the staff of the Department. Miss Wrinch, of Girton College, Cambridge, has accepted a temporary appointment for the current session, and Capt. Bevan Baker has been invited to assist in the special classes for demobilised students as from the beginning of the Second Term.

FACULTY OF SCIENCE.

The College Committee have continued to co-operate actively with the Department of Scientific and Industrial Research for Great Britain and Ireland. During the year grants have been made by that Department to members of the staff and research students of the following departments:—Botany, Geology, Zoology, Applied Statistics and Eugenics, and Engineering.

Owing to illness, Professor Donnan has been granted leave-of-absence for six months, his work being undertaken by other members of the staff of the Department of Chemistry.

FACULTY OF ENGINEERING.

The leave-of-absence granted to Professor Coker did not result in as speedy a return of his health as his friends had hoped, and it was found necessary to prolong it to the end of last session. It is a source of satisfaction that he has now been able to resume his duties with renewed health and energy. His work was effectively maintained during his absence by Mr. Guest and Mr. Goudie.

As in other Faculties, a special First Year Course for Students released from War Service has been instituted in the Second Term, as well as special work for students whose Courses of Study were interrupted by the War. Lieut. Chapple has been appointed to give special assistance.

An Engineering (War) Diploma has been approved and has been granted to Capt. A. R. Muirhead.

FACULTY OF MEDICAL SCIENCES.

The entry, both of men and women students, in this Faculty during the current session has been large. With the return of men from War Service at the beginning of this term, the accommodation for practical work in some departments has been strained to its utmost capacity.

Professor Cushny resigned the Chair of Pharmacology, which was instituted in 1905 (being the first of its kind in this country), at the end of last session, having been appointed to the Chair of Pharmacology in the University of Edinburgh. His departure to this fresh field of activity is much regretted by the Committee and by his colleagues. War conditions have made the present time an inopportune one to appoint his successor; in the meantime, an arrangement has been made, by the courtesy of the authorities of the London School of Medicine for Women, for the work to be carried on by Dr. Fred Ransom, Reader in Pharmacology at that School.

THE LIBRARIES.

The accessions to the Libraries during the year amount to 2,591 volumes and pamphlets. Of this number 1,673 have been presented. These totals include 193 additions to the Mocatta Library: 26 by purchase and 167 by presentation.

Special thanks are due to the following donors:—

(1) To Mrs. F. Hodson, for a collection of 144 books and pamphlets, mostly on physics, from the library of the late Dr. F. Hodson.

(2) To the Executors of the late Dr. Ginsburg, for thirty-eight volumes of Hebrew literature, including the fair copy of Dr. Ginsburg's 'Massorah.'
(3) To Mrs. Clarence Bird, for a collection of Danish books, the property of the late Clarence Bird, Esq.
(4) To Mr. Charles Whibley, for a collection of Swedish books.
(5) To Lord Reay and to Sir John Rotton, for the continuation of the publications presented by them.
(6) To Mr. H. Keene, for seventeen volumes of the 'Times History of the War.'
(7) To Dr. Talfourd Ely, for Millin's 'Peintures de vases antiques,' two volumes, 1808–10.
(8) To Mrs. F. F. Blackman, for a number of books from the library of her brother, the late Samuel Chick, Esq.
(9) To Miss Beatrice Clennell, for a collection of books on mathematical subjects.
(10) To Professor W. Flinders Petrie, for 38 volumes of the 'Proceedings of the Royal Society.'

The bequest of £25, made by the late Miss G. E. Moseley to the College, has been spent upon a manuscript Chronicle Roll (XVth Century) and the following books for the English Library:—Johnson's 'Lives' and 'Miscellanies' and Boswell's 'Life of Johnson'; Clarendon's 'History of the Rebellion.'

The Sub-Librarian, Major Newcombe, has been absent throughout the year on military service, was wounded and taken prisoner, and is now back in England Mr. W. Bonser, Senior Library Assistant, was granted leave of absence from December, 1917, to undertake special work at Boulogne in connection with the British Red Cross Society. Lieut. J. A. Wilks, Library Assistant, has been wounded for the second time. R. Blackall, Library Attendant, who was wounded in the summer of 1917, and had his right arm amputated, has now resumed his duties in the Library.

The Library has again been indebted to Mrs. Pollard for voluntary assistance.

The question of co-operation between the Libraries of the Incorporated Colleges and Schools of the University has been considered, and a report upon the subject drawn up. In order to further such co-operation, the Librarian of King's College has been added to the Committee.

Following a resolution of the School of Oriental Studies that the Governing Body would be pleased if the University Libraries would take on loan, as a purely temporary measure, any such works as they may require up to a limit of 8,300 volumes, for their immediate wants, steps have been taken to carry out an exchange of books on these lines.

The cataloguing of the books presented by Lord Reay has been continued.

During the Session 1917–18, 75 Students held keys of the Science Library, and 161 of the different Arts Libraries. The number of books issued for home reading was 3,551.

WAR ARRANGEMENTS.

A special report dealing with the War work of the College will be issued as soon as the present restrictions on paper and printing make it desirable.

The College land and buildings have, as heretofore, been placed freely at the service of the Government wherever it has been possible. A new body to receive hospitality is the Y.M.C.A. Art Department, which has been provided with studio accommodation in the School of Architecture. The Khaki University of Canada has had lecture rooms placed at its disposal and meets regularly at the College on five evenings in the week.

VISIT OF AMERICAN AND OF ITALIAN PROFESSORS.

In May last, the College received a visit from a Delegation of ten Professors from Italian Universities. They were welcomed by the Provost, the Deans and members of the Academic Staff in the main quadrangle, where a large number of the Students had also assembled. They were entertained at lunch and the Provost delivered a short address of welcome; Dr. Edmund Gardner spoke on behalf of the Department of Italian, and Professor Volterra (Senator, University of Rome) and Professor Galante replied on behalf of the Delegation. The visitors then inspected several of the departments of the College and saw something of the activities in connection with the War. A message of appreciation of the warmth of their reception and of the interesting things that they had seen was subsequently received from the Delegation.

Under the auspices of the National Board for Historical Service of the United States of America, Professor A. C. McLaughlin of the University of Chicago, and Mr. Charles Moore of the Commission of Fine Arts, visited the Universities of the United Kingdom in May 1918. Their visit to this country was inaugurated by a Dinner at the College, at which the Rt. Hon. Viscount Bryce presided. The guests included H.R.H. The Duke of Connaught, former Life-Governor of the College Corporation, His Grace the Archbishop of Canterbury, the Rt. Hon. The Lord Mayor of London, and the Chairman of the London County Council.

Professor McLaughlin gave a Course of four Lectures on "The Historical Causes of America's Entry into the War" at the College, the Chairman at which were respectively The Rt. Hon. A. J. Balfour, The Provost of the College, the Rt. Hon. H. A. L. Fisher (President of the Board of Education), and Professor A. F. Pollard.

The visit of Professor McLaughlin and Mr. Moore was of undoubted value in strengthening the intellectual entente between this country and our American Allies.

EVENING AND VACATION LECTURES AND MEETINGS

During the present Session the College has been open on five evenings in the week for the purpose of special work, mainly of a post-graduate character.

The meetings of the Philological Society, the Geologists' Association, the Jewish Historical Society, the Jewish Students' Union, the Folk Lore Society, and the Law Students' Society are held regularly in the College.

In addition to these learned Societies, including the Classical Association, the Montessori Society, and the School Nature Study Union, have met from time to time at the College. In January, the Seventh Annual Conference of Educational Associations was held at the College. The annual meetings of the Historical Association and the Modern Language Association were also held at the College in the same month.

STUDENTS' SOCIETIES.

The small number of full-time men students before the signing of the Armistice curtailed the activities of the Union Society and rendered impossible any special work in the Athletic Clubs. With the return of men from the War, the Society has every prospect of recovering a large measure of its prosperity. The Magazine has been issued regularly and has been a useful link between the College and its members absent on War Service. The Foundation Oration was delivered in March by Dr. D. S. McColl, Fellow of the College, who chose as his subject "The Confessions of a Keeper." The Debating Society has organised several meetings and College men have taken a large share in the work of the Intercollegiate Orchestral Society.

The Women's Union Society celebrated its Twenty-first Birthday last Session and signalised the event by holding a Birthday Party. The ladies connected with the College and Hospital presented to the Society an antique clock for their Reading Room: the Union Society presented them with a Silver Cup. As a permanent memorial of their Coming-of-Age, the Society are endeavouring to raise a fund to endow a hospital bed in connection with the Garrett Anderson Memorial scheme. War work has been continued as far as possible; in addition to special services in and around the College, many members of the Union went afield in the Long Vacation to pull flax, pick raspberries, and do other work on the land.

A drawing of the portico of the College by Mr. J. D. M. Harvey, a student of the School of Architecture, was sent as a Christmas greeting from the College Committee and the two Union Societies to members of the College serving abroad in H.M. Forces.

The Dramatic and Choral Societies have had a busy year, and each have given entertainments in aid of the Garrett Anderson scheme. 'The Rivals' and 'Prunella' have been successfully presented by the former Society.

The Old Students' Association has held a Dinner in the College this session and has continued to co-operate with the Guild of Graduates in keeping former students in touch with each other and with the College.

THE HALLS OF RESIDENCE.

The Halls of Residence are both full. College Hall, Byng Place, cannot provide sufficient accommodation to meet the number of applications for residence, even with the annexe that has been opened.

University College Hall, Ealing, is getting many of its former members back after their War Service, and has admitted many new students who have begun their work after being demobilised.

THE CRABB ROBINSON FUND.

During the financial year 1917–18, the following grants were made from the Income of the Crabb Robinson Fund :—

The Union Society—Towards Rent Charges on the Athletic Ground, £37 10*s.*; for repairs to the Hard Tennis Court, £6. The Women's Union Society—Towards Rent Charges on the Women's Athletic Ground, £25; for Chairs for the Women's Union Rooms, £13. For Repairs to Racquet Court, 13*s.* 9*d.* University College Hall—for Books for the Library, £10. College Hall, London—for Furniture, £30.—Total, £122 3*s.* 9*d.*

THE PEEL FUND.

The income of the Peel Fund was expended in grants for the purchase of books made to the following Institutions :—

The Free Library and Social Club, Builth Wells, £3; the Victoria Institute, Caton, Lancs., £3; the Reading Room, Clare, Suffolk, £3; the Reading Room, Hindon, Salisbury, £3; the Garden Colony, Horsington, Lincs., £3; the Village Club, Knockholt, Kent, £3; the Men's Adult School, Hornsey, £2; the Institute, Oulton, Leeds, £3; the Parish Library, Tetbury, Glos., £3; the Yorkshire Union of Institutes and Yorkshire Village Library, £5.
